Job Description: -

We are seeking a skilled and experienced SAP SAC (SAP Analytics Cloud) Consultant with proficiency in SAP BPC (Business Planning and Consolidation) and Group Reporting. As an integral part of our team, you will be responsible for implementing, customizing, and optimizing SAP SAC solutions, with a focus on integrating BPC and Group Reporting functionalities. Your role will involve collaborating with clients to understand their business needs, designing solutions, and providing expert guidance to ensure successful implementation and utilization of SAP SAC, BPC, and Group Reporting tools.

Key Responsibilities:

Collaborate with clients to understand their business requirements and translate them into effective SAP SAC solutions, incorporating BPC and Group Reporting functionalities.

Lead the implementation of SAP SAC projects, including configuration, customization, data modelling, and integration with SAP BPC and Group Reporting modules.

Develop custom scripts, calculations, and visualizations within SAP SAC to meet specific client needs. Customize SAP BPC and Group Reporting functionalities as per project requirements.

Ensure seamless integration between SAP SAC, SAP BPC, and Group Reporting modules, enabling efficient data flow, and reporting across the organization.

Provide training to end-users and client teams on SAP SAC, BPC, and Group Reporting functionalities. Offer ongoing support and troubleshooting assistance to address any issues or questions that arise post-implementation.

Identify opportunities for performance improvement within SAP SAC, BPC, and Group Reporting solutions. Implement best practices and optimization techniques to enhance system efficiency and usability.

Maintain comprehensive documentation of solution designs, configurations, and customizations. Keep track of project milestones, deliverables, and timelines.

Stay abreast of the latest SAP SAC, BPC, and Group Reporting developments, trends, and best practices. Continuously upgrade skills and knowledge to ensure expertise in the latest technologies and methodologies.
